CUSTOMER CLICHE FOR COVERED TIMING BELTS

I.			1. Print this page
II.			2. Choose the drawing which is adequate to the belt you would like to order
III.			3. Measure the marked sizes with a precise gauge (e.g. with caliper)
IV.			4. Fill in the table below
			5. Give the profile of the belt you would like to order (e. g. T5, T10, L, XL etc.)
			6. Give the teeth number of the belt
			7. Give the material and hardness of the cover (if it is known)
			8. If you don't find the drawing which is adequate to the belt you would like to order, please prepare a drawing, and paste it to the empty field below.
			9. Send us the filled datasheet (in e-mail, if possible)
